Description

Safe & Controlled Experience

Make a bold upgrade to your playground with this 30-inch diameter left 90° tube slide, designed for 10-foot deck heights and built to deliver a longer, more thrilling ride. Its fully enclosed design enhances both excitement and safety, making it ideal for high-use playground environments.

Featuring a smooth left 90-degree curve, this tube slide provides a dynamic ride path while maintaining a controlled and comfortable descent. Constructed from high-quality, weather-resistant materials, this playground tube slide is engineered to handle heavy use in both residential and commercial settings.

Perfect for schools, parks, and large backyard play systems, this 10 ft deck height tube slide offers a strong combination of durability, safety, and performance. The enclosed structure keeps riders safely within the slide path, giving parents and operators added confidence.
