Description

Extended, Slide Experience

Upgrade your playground with this 30-inch diameter left 90° tube slide, engineered for 11-foot deck heights and built to deliver an extended, high-energy sliding experience. The fully enclosed design enhances both safety and excitement, making it ideal for a wide range of playground environments.

This left-turn 90-degree tube slide features a smooth, controlled curve that adds dynamic movement while maintaining a comfortable and safe descent. Constructed from high-quality, weather-resistant materials, this playground tube slide is designed to withstand heavy use in both residential and commercial settings.

Perfect for schools, parks, and larger backyard play systems, this 11 ft deck height tube slide offers a reliable combination of durability, safety, and performance. The enclosed structure helps keep riders securely within the slide path, providing added confidence for parents and

playground operators.
