Description

Dynamic Play!

Make a bold addition to your playground with this 30-inch diameter right 90° tube slide, engineered for 10-foot deck heights and built to deliver a longer, more thrilling ride. The fully enclosed design enhances both safety and excitement, making it ideal for high-use environments.

This right-turn 90-degree tube slide features a smooth, controlled curve that adds dynamic movement while maintaining a comfortable and consistent descent. Constructed from high-quality, weather-resistant materials, this playground tube slide is designed to withstand heavy use in both residential and commercial settings.

Perfect for schools, parks, and larger backyard play systems, this 10 ft deck height tube slide offers a dependable combination of durability, safety, and performance. The enclosed structure keeps riders safely within the slide path, providing added confidence for parents and

playground operators.
