Description

Maximize Your Play!

Deliver maximum performance and excitement with this 30-inch diameter right 90° tube slide, engineered for 12-foot deck heights and designed for longer, more thrilling rides. The fully enclosed design enhances both safety and the overall play experience, making it ideal for larger playground setups.

This right-turn 90-degree tube slide features a smooth, controlled curve that adds dynamic movement while maintaining a comfortable and safe descent. Constructed from high-quality, weather-resistant materials, this playground tube slide is built to withstand heavy use in both residential and commercial environments.

Perfect for schools, parks, and large-scale playground systems, this 12 ft deck height tube slide offers a strong combination of durability, safety, and fun. The enclosed structure helps keep riders securely within the slide path, providing added peace of mind for parents and

playground operators.
