## Description

### 36 GALLON MADISON RECEPTACLE WITH RAIN BONNET LID and LINER IPE WOOD (75-36RB)

The 36 GALLON MADISON RECEPTACLE WITH RAIN BONNET LID and LINER IPE WOOD is the exact madison ipe receptacle configuration listed as model 75-36RB in the 2026 manufacturer catalog. The manufacturer describes this SKU as 36 Gallon Madison Receptacle With Rain Bonnet Lid & Liner, Ipe Wood. This identifies the orderable configuration, rather than every color, size or mounting variation offered across the broader product family.

The Madison collection pairs genuine Ipe wood with restrained contemporary steel detailing. This 36-gallon receptacle is the Ipe wood version of the coordinated Madison site-furnishing

family.

The ash-urn, flat-top and rain-bonnet lid variants are separately listed models. Coordinate with Madison Ipe benches and tables while treating the steel-slat Madison collection as an alternative material, not an included feature. Review mounting conditions, compatible anchors and requested finish when planning a school, park, streetscape or recreation installation. Other family styles, accessory pieces and finishes are separate product selections unless specifically included in this model description.
