Description

Flash Bike Rack Inground Powder Coated, model **P5060S**, is a commercial two-bike flash bike rack with inground installation and a powder coated finish.

- **Bike capacity:** Up to 2 bikes
- **Mount:** Inground
- **Finish:** Powder Coated
- **Design:** Modern loop-style rack
- **Framework:** 2-3/8" O.D. steel pipe
- **Overall size:** 38-7/16" high x 26-1/4" wide

The powder-coated version provides a selectable colored finish over the steel rack. Color selection within the powder-coated finish does not create another SKU relationship.
