Description

Endurance Course | UP307S

The Endurance Course is a preconfigured commercial outdoor fitness package for users age 13 and older. It combines distinct exercise activities to support a more varied park or campus fitness circuit. Manufacturer planning guidance identifies 900 square feet minimum for the course.

Included exercise equipment

- Cardio Walker
- 6-inch, 12-inch, and 18-inch plyometric boxes
- Push-Up Station
- Horizontal Chin-Up
- Leg Press

- Balance Board
- Captain’s Chair
- Sit-Up/Back Extension

Configuration and installation

- Exact package model: UP307S
- Minimum planning space: 900 square feet minimum
- Installation: Inground course configuration; verify each component mounting requirement
- Intended users: 13 years and older

Compare outdoor fitness courses

Course model	Package	Minimum space
UP198	Compact Course	350 square feet minimum
UP307S	Endurance Course	900 square feet minimum
UP313S	Traditional Course 2.0	485 square feet minimum
UP314S	Training Course 2.0	900 square feet minimum

Course packages are not interchangeable individual fitness stations. Confirm each included component, its anchorage, training envelope and compliant surfacing against the exact current manufacturer drawings before quoting or construction.
