Description

Keep Your Shoes Safe! (and out of the play space)

Keep play areas cleaner, safer, and more organized with the 3-Rise Horizontal Sneaker Keeper with Cap—a standalone shoe storage unit designed for playgrounds and kids' activity spaces. Ideal for locations where children remove footwear before entering a play zone, this sneaker keeper provides a simple, durable place to store shoes neatly off the ground.

With three horizontal storage rises, it helps reduce clutter and trip hazards by keeping sneakers, sandals, and small footwear together in one designated spot. The included cap provides a finished look and helps protect edges for kid-friendly use. Perfect for schools, churches, daycares, indoor play centers, and community play areas, this unit supports smoother transitions in and out of play spaces.

Key Features

- Standalone sneaker storage unit for play areas
- 3-rise horizontal design to hold multiple pairs of shoes
- Helps reduce clutter and trip hazards
- Keeps shoes off the ground for cleaner play spaces
- Includes cap for a finished, kid-friendly design
- Great for schools, daycares, churches, indoor playgrounds, and community centers
- Built for durability in high-traffic kid environments
