Product Image

Description

Doggie Fence Run Panel | BARK-524

Doggie Fence Run Panel is a Doggie Fence Run Panel dog-park activity in the in-ground/standard configuration; confirm the applicable footing drawing option.

This activity belongs to the BarkPark family of dog-park equipment. The exact model distinguishes a complete set from an individual panel, and an SM suffix identifies a separately specified mounting configuration.

For a coordinated dog-park layout, combine suitable agility elements with companion signs, pet waste stations and visitor amenities; dimensions, clearances, anchoring and course sequencing should follow the selected manufacturer installation documentation.
