Description

Recumbent Cycle, Inground Mount

The Recumbent Cycle outdoor fitness station (model UP215S) is designed for public outdoor exercise areas serving users age 13 and older. It supports seated cycling and cardiovascular conditioning. This version uses inground mount installation, allowing site planners to select the attachment method appropriate for the project.

Product details

- Model: UP215S
- Fitness activity: Seated cycling and cardiovascular conditioning
- Mounting: Inground Mount
- Intended users: ages 13 and older
- Installation and impact-attenuating surfacing must follow current manufacturer instructions and applicable site requirements

Compare installation options

Model	Installation
UP215S	Inground mounting
UP215SM	Surface mounting

Select the mounting configuration to suit the project's supporting surface and installation design. Request the model-specific installation drawing before specifying foundations or anchors.
