Description

Versatility for Your Playground

Add enclosed excitement and directional flexibility to elevated playground structures with the 24 Inch Diameter Tube Slide – 10 Foot Deck Height, Curved (Left or Right). Designed for commercial playground environments, this fully enclosed tube slide features a gentle curved configuration, available in left- or right-hand orientation, allowing designers to control slide exit direction and optimize playground layouts.

Built for 10-foot deck height playgrounds, this 24-inch diameter tube slide offers a compact, enclosed sliding experience ideal for schools, parks, churches, daycares, and municipal playgrounds. The curved design adds motion and visual interest while maintaining smooth slide flow and predictable exits.

As always, tube slides are FUN, and this curved model delivers durability, safety, and layout versatility for high-traffic commercial play environments.
