Description

Enhance Play Value!

Add smooth motion and directional flexibility to mid-height playground structures with the 30 Inch Diameter Slide – 4 Foot Deck Height, Curved (Left or Right). Designed for commercial playground environments, this slide features a curved profile that gently guides riders to the left or right, enhancing play value while maintaining a controlled, comfortable descent.

Built for 4-foot deck height playgrounds, this 30-inch diameter tube slide offers a spacious sliding surface suitable for a wide age range. The curved configuration allows playground designers to manage exit placement and optimize layout in tighter or more complex play areas, making it ideal for schools, parks, churches, daycares, and community playgrounds.

Durable and dependable, this slide is well-suited for new playground installations and replacement applications in high-traffic environments.
