## Product Image

## Description

### PASADENA RECEPTACLE WITH FLAT TOP LID and LINER (16-P36FT)

The PASADENA RECEPTACLE WITH FLAT TOP LID and LINER is the exact pasadena 36-gallon receptacle configuration listed as model 16-P36FT in the 2026 manufacturer catalog. The manufacturer describes this SKU as Pasadena Receptacle With Flat Top Lid & Liner. This identifies the orderable configuration, rather than every color, size or mounting variation offered across the broader product family.

The Pasadena receptacle is a 36-gallon powder-coated steel waste container with a lockable side door, a welded body and a precision-punched perforated pattern in formed quarter-inch steel plate. Manufacturer specifications include its lid and liner.

Compare the lid-specific variants rather than treating flat top, rain bonnet and ash urn as

interchangeable included pieces. It is suitable for portable or surface-mounted use, with coordinating Pasadena collection furniture available separately. Review mounting conditions, compatible anchors and requested finish when planning a school, park, streetscape or recreation installation. Other family styles, accessory pieces and finishes are separate product selections unless specifically included in this model description.

## Exact model specifications

| Feature | Specified configuration |
| --- | --- |
