Product Image

Description

Replacement strap swing seat 55-451

Replacement strap-style playground swing seat for a compatible commercial swing assembly. This listing is for the individual swing seat rather than the seat, chain and hanger package.

Product specifications

Seat type	Strap swing seat
Published shipping weight	5 lb
Package scope	Seat only
Companion package	02-07-0100 includes swing chains, hangers and S-hooks

Product selection and comparison

Select 55-451 when replacing the strap seat alone. The 55-451RB is an infant seat, while 02-07-0100 is a bundled strap seat and suspension hardware package.

Confirm final installation instructions, mounting requirements and the exact supplied configuration before ordering or installation.
