Product Image

Description

420 Square Inch ADA Height Pedestal Cooking Grill Surface Mount, model **640SMH-3**, is a pedestal-mounted commercial cooking grill with a verified 420-square-inch cooking surface. This SKU uses the ada height configuration and surface mount installation.

- **Cooking surface:** 420 sq in
- **Cooking grate:** 1/2" steel bars with 5/8" support bars
- **Grate adjustment:** Four cooking levels with cool-coil spring-grip handles
- **Firebox sides:** 10-gauge steel
- **Firebox floor:** 3/16" steel plate
- **Firebox size:** 24 x 18-1/4 x 10-1/2 in
- **Support post:** 3-1/2" O.D. galvanized steel pipe
- **Finish:** Electrostatic powder coat, oven cured
- **Mount:** Surface Mount
- **Height configuration:** ADA Height

- **Overall width:** 29-7/16 in
- **Overall depth:** 20 in
- **Overall height:** 28-3/8 in
- **Surface plate:** 8" square x 1/4" thick steel plate

The ODS identifies this as the ADA-height branch. The current manufacturer drawing verifies the lower post and working-height geometry; this description does not extend that evidence into a broader compliance claim.

Mounting comparison

Model	Height Class	Mount	Utility Shelf
640SMH-3	ADA Height	Surface Mount	No
640H-3	ADA Height	Inground	No

Standard / ADA-height comparison

Model	Height Class	Overall Height	Mount
640SMH-3	ADA Height	28-3/8 in	Surface Mount
640SM-3	Standard Height	38-3/8 in	Surface Mount

Utility shelf comparison

Model	Utility Shelf	Mount	Height Class
640SMH-3	No	Surface Mount	ADA Height
640SMH-3-U	Yes	Surface Mount	ADA Height

The current 640 specification identifies this product as a pedestal-mounted cooking grill. The previous ODS title used “rotating” and 432 square inches; neither is supported by the current 640 drawing, which specifies a 420-square-inch cooking surface.
