Description

Height Driven Excitement

Add height-driven excitement and smooth spiral motion to elevated playground structures with the 9 Foot Deck Height Spiral Slide with Hood (139"). Designed for commercial playground environments, this spiral slide delivers an engaging twisting ride while the hooded entrance provides shade, comfort, and proper rider positioning before descent.

Built specifically for 9-foot deck height platforms, this spiral configuration maximizes play value within a compact footprint. The hooded entry enhances safety and rider confidence, making this slide a great fit for schools, parks, churches, daycares, and community playgrounds.

Durable and engineered for daily use, this spiral slide is ideal for new installations or replacement applications where reliability, safety, and fun are essential.
