Product Image

Description

The Blaze Beverage Center was designed with both style and usability in mind. For quick and easy access, there is an attached bottle opener, a built-in soap dispenser, a front bottle storage and a removable three-part condiment tray. Plus, Blaze includes a cutting board that slides across the sink and can be removed for extra space. Made from 304 stainless steel, this beverage center is both durable and stylish with a sleek design and curved edges. This beverage center fits perfectly in any outdoor kitchen.
