Description

We designed this Water-Resistant model with your needs in mind! Available in a Table-Top, Pedestal, or Built-In model, the electric grill ensures that no matter where you are, you can grill in style. The triangular searing rods create impressive sear marks to impress your friends and family. Stainless steel flame tamers minimize flare-ups and add flavor to anything you grill. The full-size 1500 Watt heating element distributes heat evenly and heats to a maximum grill surface temperature of 749°F. This heavy-duty grill is built to last a lifetime and is approved for Multi-User Setting as well so that you know that no matter where you grill, your Blaze is built to last.
