Description

Introducing Bull's new premium sink, meticulously designed to elevate your kitchen space. Crafted with high-quality 304 stainless steel, these sinks exude durability and sophistication. This new premium sink offers versatile options to suit your specific needs. The inclusion of a hot and cold-water faucet, featuring a solid stainless-steel construction, ensures convenient and precise water temperature control. Each sink comes complete with a stainless-steel drain and catch, providing a seamless drainage system. Furthermore, Bull provides all the necessary setup hardware, including water connections, for effortless installation, whether you prefer under or drop-in counter mounting. Transform your kitchen into a haven of elegance and functionality with Bull's premium sinks.
