Description

The Reversible 30? Door/Drawer Combo is constructed with high quality 304, 16 gauge stainless-steel, is fully enclosed with softy closing drawer components, and double lined doors for easy storage of grilling accessories and cleaning products. It is designed to easily reverse the unit so that door and drawers can be either on the right or left side, making this a must have for any outdoor kitchen!

Please note that this item has upgraded Model 25876 to our new modern reveal component design.
