Product Image

Description

With its simple compact design, this fire pit will add an eye-catching display to your backyard without taking up too much space. PLEASE NOTE: To ensure the longevity of the fire pit, the manufacturer recommends using a cover when not in use.

Features:
Easy to move
Fire glass included
Electronic piezo ignition
Hidden propane tank

Lighting your fire pit is now simple with the electronic piezo ignition. Now you can ignite you evening with the push of a button! The propane tank fits inside this fire pit, preventing your backyard ambience from being ruined by an unsightly propane tank. The Fire Pit Table - 32" is truly an all-in-one fire pit solution as it comes with fire glass and minimal assembly requirements
