Description

DESCRIPTION & FEATURES

Light up the night and create a warm gathering place with the Fire Pit Table from The Outdoor GreatRoom Company. The easy to care grey slatted deck top and base feature a powder coated aluminum construction for superior durability and brings a modern but warm look to your home. The CF-1224 Crystal Fire burner is rated for up to 52,000 BTUs and is UL listed for ensured safety while the elevated design raises the burner up off the table top to minimize heat transfer, all to keep your drinks and snacks cool. Included are a gray glass burner cover and 10 lbs of diamond glass fire gems to create a sparkling flame effect. Featuring electronic piezo controls, this fire pit lights with the push of a button and lets you easily adjust the flame height. Unit ships as propane ready with orifices for natural gas conversion included. An access door provides discreet storage for your outdoor space. Whether hosting parties or just relaxing on the patio, the Brooks Fire Pit Table will provide many warm, glowing fires for you to enjoy for years to come. The Fire Table Comes in Propane Or Natural Gas
