Description

King of the Hill | BarkPark model PBARK-401

KING OF THE HILL, SMALL DOG, INGROUND. The climb-and-descent obstacle helps dogs practice control and confidence across an incline. Standard and smaller-dog versions are distinct models. This is the **PBARK-401** configuration; versions with different mounting, materials or included components carry separate SKUs. Consult the exact installation drawing for required clearances, footing details and site preparation.

For a coordinated dog park, this equipment can be planned alongside appropriate agility obstacles and visitor amenities such as leash stations, drinking fountains, waste stations and seating. Any companion equipment is sold separately unless the exact-model description explicitly includes it. Verify the chosen site layout and any accessory compatibility before

ordering.
