Description

Mini Pup Clubhouse | PBARK-452

The Mini Pup Clubhouse combines three dog agility activities in a compact, dog-bone-themed structure for public dog parks. Dogs can travel up a ramp, across an elevated platform, and down two steps, practicing balance and confidence while navigating the equipment. Decorative dog-bone HDPE panels distinguish this Mini configuration from the larger Pup Clubhouse styles. CanineCoat-treated steel activity surfaces provide traction and weather-resistant protection.
