Description

Pup Passage | BarkPark model PBARK-455SM

PUP PASSAGE, SURFACE MOUNT. The Pup Passage combines a dog crawl-through passage with two included 4-foot back-to-back benches, providing integrated seating for park visitors. The dog-themed HDPE end panels define the passage beneath the seating. This is the surface-mounted version; the alternative mounting configuration is sold under a separate SKU. This is the **PBARK-455SM** configuration; versions with different mounting, materials or included components carry separate SKUs. Consult the exact installation drawing for required clearances, footing details and site preparation.

PBARK-455 PUP PASSAGE, INGROUND Inground

For a coordinated dog park, this equipment can be planned alongside appropriate agility obstacles and visitor amenities such as leash stations, drinking fountains, waste stations and seating. Any companion equipment is sold separately unless the exact-model description explicitly includes it. Verify the chosen site layout and any accessory compatibility before ordering.
