Description

32-Gallon Diamond Expanded-Metal Trash Receptacle with Flat-Top Lid and Liner TEX-32FT

The UltraSite TEX-32FT is a complete 32-gallon diamond-pattern expanded-metal outdoor trash receptacle supplied with a flat-top lid and liner, as identified in the 2026 manufacturer catalog. For outdoor waste collection, distinguish the receptacle body from separately cataloged lids, liners, decals and mounting components. The exact model listing controls the included lid and liner configuration. Coordinating furnishings may be selected from matching manufacturer collections when the style is verified. Confirm which lid and container capacities are compatible; alternative lids are separately ordered where identified.

Exact-model specifications and selections
