Product Image

Description

26H-HEX-GRY | UltraSite Recycled benches and tables

The 26-series hexagon picnic table offers communal seating in an all-recycled-plastic configuration. This exact code identifies the recycled color and whether the design is the accessible 26H variant. The accessible layout is a separate SKU and should not be represented as a selectable color or accessory. Recycled plastic reduces exposed wood upkeep, but installation requirements and accessory purchases must be established for the exact selected model.

Exact-model specifications

Compare sizes, styles and configurations

26-HEX	Standard portable hexagon table
26H-HEX	Accessible portable hexagon table
Available ODS color variants	Cedar, green and gray are separate catalog models

Collection choices and accessories: Matching outdoor furnishings, finishes and separately priced accessories are identified in the manufacturer catalog. Order a distinct SKU whenever the material, size, mounting or included accessory changes price. Check exact model compatibility before combining components.

Selection guidance: Confirm the desired finish or color, installation area, product capacity and site requirements with the quotation. The exact model specification takes precedence over general collection information.
