Product Image

Description

P612H-D | UltraSite Fire rings

The P612 family uses a height-adjustable cooking grate for outdoor campfire cooking. This exact SKU is the 18-inch-high version. The double-ring model uses an inner ring and is sold as its own configuration. The fire ring uses heavy steel construction intended for permanent campground installation. Check site fire regulations and maintain safe clearances. The manufacturer exact-model drawing specifies 280 sq in of cooking area. A published price-list description states 285 sq in; the exact-model drawing governs this specification.

P612	Fire ring with adjustable grate; 280 sq in per exact-model drawing
Heights	7, 9 and selected 18 in versions
Raised or double ring	Separate configuration codes, where offered

Collection choices and accessories: Matching outdoor furnishings, finishes and separately priced accessories are identified in the manufacturer catalog. Order a distinct SKU whenever the material, size, mounting or included accessory changes price. Check exact model compatibility before combining components.

Selection guidance: Confirm the desired finish or color, installation area, product capacity and site requirements with the quotation. The exact model specification takes precedence over general collection information.
