Description

INGROUND TRADITIONAL SINGLE SIDED PARKING 10 LONG

5700 Traditional Single Sided Bike Rack

The traditional single sided bike rack is constructed using 1 5/8 inch OD steel tubing with 5/8 inch rung bars. Bike racks are available in 5,8 and 10 foot lengths with optional add ons to extend the rack. Available as inground, portable or surface mount. Powder coat color options are available. All zinc plated hardware.
