Product Image

Description

This field drag will condition a 6W path in one pass. Designed to break up dirt or cinders on the baseball field or track. With sharpened and hardened steel cutting teeth down, it tears up the dirt. With angle iron down, it levels the playing surface. Features forty-six 4-1/2" teeth. The teeth are staggered with 3" gaps and can easily be replaced when worn. A heavy duty chain trails the unit to break up dirt clumps. Recommended to be pulled by a tractor. Designed to hold up to 3 cement building blocks (not included) for additional weight when necessary. Weight: 88 lbs.

Special Warranty:1 Year

Unit:EA

Shipment Type:LTL Carrier
