## Description

---

The Champion® Ab Wheel helps strengthen abdominal muscles and develop core strength, making it a great addition to any workout. Designed with double wheels, the device provides stability to users as they roll out to a preferred distance and back in, tightening the abs for a simple toning exercise. Two textured handles encourage a sturdy handhold, keeping the focus on the workout. Finger grooves give additional support for confident, controlled use.

- Designed to tone and strengthen abdominal areas
- Two wheels in the center ensure stability when rolling out and straightening the body
- Two handles with finger grooves and a textured surface for a secure handhold
- Black and gray design offers a subtle look for any exercise area
