Description

The Speed Chute is the ideal piece of equipment for your sprinter who is looking to increase speed, stamina, acceleration and explosiveness. The runner attaches the parachutes cords to his chest. While hes running, the chute billows and causes extra drag which means his training regimen is more challenging. Runners appreciate motivational effect of resistance training — they begin to run faster, longer, stronger

- Provides excellent resistance while running to improve speed, stamina, strength and acceleration
- Chute releases while running to provide resistance
- Includes carry bag
