Description

This sensory wall play station is perfect for use indoors or outside and features a versatile design that can be used as shown, or for larger spaces, can be upgraded to a 4-Panel configuration. Infants and toddlers will naturally gravitate towards the rich multi-sensory experiences which include gross and fine motor development, music and movement, dramatic play, and cozy spots. All earlyplay products meet ASTM F2373 standards and CPSC standards for ages 6-23 months. Available in Natural or Playful color palette. Natural
