Description

Packed with play value, children will explore Falcon's Roost for hours. The Beanstalk Climber gives children the opportunities to use upper body strength and develop motor skills, while a double and single slide allow them to zip down the structure. A Crawl Tunnel connects two of the decks, while the roof provides shade for the structure. There are three ground-level music components provide fun for children of all abilities. This structure meets ADA guidelines and is commercially compliant with ASTM and CSPC. The posts are 13-gauge galvanized steel tube and powdercoated. The plastics are heavy-duty rotomolded and blow molded components. Critical fall height is 5'0" A ground spike surface mount is included with the structure, but an anchor bolt surface mount or in-ground mounting kit can be purchased separately. Perfect for easy-install, commercially compliant and budget-conscious solutions for daycares, churches and apartment complexes! Assembly required. Truck delivery.
